

FAQ

What fees does PayPal charge?

PayPal fees on your 360 photo gallery sales will vary from country to country and will also depend on whether there are any currency conversions involved. For instance, there will be less fees charged if you are selling in the default currency that you have set in your PayPal account. If you are an Australian merchant, the fees are outlined at https://www.paypal.com/webapps/mpp/ua/cfsgpds-full?country.x=AU#int_18_Fees_and_charges.
